Through our various residential and Foster Care Programs, Hope For Youth serves at-risk children and youth on Long Island. No matter how much help and care we give our children in learning how to maintain and grow their place in society, it is still a reality that they are celebrating the Holidays away from their natural families.

We need your help. Many of our children can celebrate the holidays with age-appropriate gifts. Your generosity will make a difference in some special lives this year.

Please contact Susan Lane, Director of Development, with questions and donations: slane@hfyfy.org 631-782-6540
